1st December 2017

Dear Parents and Carers of Early Years pupils,

At Royal Park we want communications to be as easy as possible for parents and we have received some feedback that Early Years teachers are not as accessible as other year groups at the end of the school day.

Our Early Years teachers are more than happy to speak with any parent at the end of the school day. However, all we ask is that you wait until they have released all the pupils before you approach them.

The safety of our pupils are our primary concern and if you are unable to wait, please telephone the school office and we can either arrange for the teacher to telephone you when they are not in class or arrange a meeting with them.

Yours faithfully

Mr D Moss
