Dear Parent/Carer

Re: Draft Preparing for Adulthood Strategy 2018-2022

The Council is working together with other stakeholders and organisations, young people and their parents/carers on Bexley's draft Preparing for Adulthood Strategy 2018-22. We want to work in new ways to ensure young people with Special Educational Needs and/or Disability can achieve good outcomes. The draft 'Preparing for Adulthood Strategy 2018-22' sets out our priorities over the next four years. These are:

- Independent living
- Participation in society
- Education, employment, training and volunteering
- Being as healthy as possible in adult life
- Looked After Children and Care Leavers

The Council and our partners want to make sure that we get the strategy right and would welcome your views. We have launched online surveys to gather your views so we can gain a better understanding of what you think about the proposed Strategy and the goals we have set out.

The survey takes about 10 to 15 minutes to complete and runs until Friday 27th July 2018. Please follow the links for more information and take part in the survey:

Yours sincerely,
