Dear Parent/Carer,

Re: Health screening Year 6

The school health service offers a routine health screening program for your child. This is carried out in your child’s school by the Bexley 0-19 children’s public health team. The screening includes a Height/Weight check.

Following the screening, your child’s results will be sent to you by letter. The results will be kept completely confidential and you can choose if you want to share them with your child.

Please see the link below for more information:

OPTING YOUR CHILD OUT

If you are happy for your child to be weighted and measured, you do not need to do anything. If you do not wish your child to take part, please let us know by completing the opt-out slip below and returning it to your school office within 7 days. Children will not be made to participate if they do not want to.

If we do not hear from you, we will assume that you consent to your child having the Health Screening.

Thank you.

Yours sincerely

Bexley 0-19 Children's Public Health Service

☐ I do not wish for my child to be weighed and measured for the National Child Measurement Programme
